

PROACTIVE MAINTENANCE

ENSURE YOUR ROOF PERFORMS AS EXPECTED WITH REGULAR CLEANING

Regular cleaning of your low-slope roof by Cannon's trained professionals will ensure that your roof continues to perform as expected. By washing off vegetation, removing debris and unblocking drains and gutters, Cannon's roof housekeeping services can extend the life of your roof and improve how it looks.

Why Does My Roof Need to be Professionally Cleaned?

Vegetation build-up can prematurely damage the roof membrane surface. Debris left on the roof can also become a trip hazard for you or the personnel performing work on your roof and increase the risk for injury. Roof cleaning helps both protect and extend your roof asset investment, while also reducing potential injuries and improving the look of your roof.
